

# 2023-2024 IMPACT REPORT

**WHEN OUR NEIGHBORS NEED US, WE'LL BE THERE.**  
ST VINCENT DE PAUL OF SEATTLE | KING COUNTY

# LETTER FROM THE EXECUTIVE DIRECTOR

Dear Friends,

I am thrilled to share with you the transformative impact we have made together this past year at St. Vincent de Paul of Seattle | King County. Thanks to your unwavering support and generosity, we have been able to transform lives and create lasting change in our community.

I invite you to read this special edition of our impact report to learn how our volunteer Vincentian parish-based outreach teams restore hope and dignity at every home visit, through compassionate listening and effective responses that help address the multiple and complex needs of individuals and families in neighborhoods across all of King County.

Special programs focus on unique community needs, such as Centro Rendu, which serves the Hispanic/Latino community. Program offerings continue to grow with the rising demand for our educational services - offered in a truly Vincentian atmosphere - becoming a go-to service for public and private school districts. Our early learning, home-based services prepare children aged 0-5 for kindergarten, while building confidence and skills in young mothers.

Our Crisis Helpline continues to respond to hundreds of calls each day, five days a week, making SVDP the #1 referral agency in the City of Seattle.

Last year, on the feast day of St. Vincent de Paul, we launched our first golf tournament, and the fun was contagious. We made new friends in the corporate and tech world, and if you love the game, you'll want to join us this fall!

**MIRYA  
MUÑOZ-ROACH**  
**EXECUTIVE DIRECTOR**

In January 2025, we launched a new Strategic Plan. This plan will be our North star as we make significant strides toward upgrading our operational systems to more efficiently serve the ever-growing number of vulnerable neighbors who come to SVDP for help.

A safe community is a healthy, hopeful, and interconnected community - SVDP works every day to build resilience through our mission-driven works of charity and justice. Our work is grounded in love of neighbor - this is the legacy of our founders. As Pope Francis reminds us, "Hope does not disappoint"; at SVDP, we deliver on the promise of Hope.

We thank you for standing with us as we restore faith in humanity, hope for the future, and provide vital help when our neighbors need it the most.

# CONNECTING NEIGHBORS WITH A LISTENING HEART AND A TRUSTED LIFELINE FOR PRACTICAL ASSISTANCE

## *Immediate relief through compassionate care*

But, how does it work?

- 1 Callers speak to a trained intake specialist who listens closely in kindness and empathy.
- 2 Neighbors are immediately connected with Vincentians in their very own neighborhoods.
- 3 Neighbors with complex needs are referred to an SVDP case manager for comprehensive care.

Through thoughtful listening, we respond with dignity and respect, allowing a trusting relationship to begin.

“To change the world, we must be good to those who cannot repay us.”

- Pope Francis

Each year, the SVdP Crisis Helpline receives nearly 40,000 requests for help from individuals and families who are experiencing an urgent, critical need. Over half are referred to us by the Washington 211 crisis line.

The other half are brought to us through referrals from community members and our volunteer Vincentians across King County - who live and work in the same neighborhoods as those we serve - and so, we call them our neighbors.

## PROGRAM HIGHLIGHTS

- ▶ In addition to incoming phone calls, this past year **9,180 help requests** came to us through our online request form.
- ▶ The Helpline serves a community with complex challenges; through our web form alone, we processed requests from:
  - **2,283** Disabled Neighbors

“No work of charity is foreign to the Society.”

- The Rule of St Vincent de Paul

## A PARTNERSHIP THAT BUILDS PATHWAYS TO STABILITY & SELF-SUFFICIENCY FOSTERING HOPE, RESILIENCE, AND LASTING CHANGE

*When you need us, we'll be there.*

*Case management empowers families to achieve stability through tailored systems navigation, individual needs assessments, and compassionate care. We walk with our neighbors, helping them grow in their ability to reach stability and to face future challenges independently.*

We engage closely with people to effectively assess their needs through active and reflective listening, trust-building, and the creation of safe spaces for open and trusting communication. Through this process, individuals and families are able to build confidence in themselves, and reinforce their ability to take on the leadership of their own families.

# FAMILIES IN CRISIS VISIT OUR COMMUNITY RESOURCE CENTER WHERE VOLUNTEERS GIVE FOOD, SMILES, HOPE AND HEALING

## Neighbors visit the SVdP Georgetown Food Bank

*Our food bank is a critical response to rising costs of living in King County. We welcome with kindness, dignity, and respect anyone who is facing financial insecurity, food scarcity, unstable housing, or experiencing difficult life circumstances.*

We strive to nourish and uplift our neighbors by providing essential food supplies, basic necessities, access to comprehensive case management services, and assistance navigating complex networks of public support. Compassion, mercy, and love of our neighbor lead our treasured volunteers to give so generously of their time.

**Last year, 1,303 unhoused neighbors experiencing chronic homelessness came to us in crisis, often with only the clothes on their back.**

Unhoused neighbors have little or no access to basic resources like refrigeration or cooking appliances. In response, we assemble and distribute 'day bags' containing ready-to-eat food items and provide immediate, onsite access to case management to help them move out of crisis.
